TRADE L. & R. MARK. FORMERLY

Ammoniated Soluble Superphosphate | Ammoniated Soluble Superphosphate

THE STAR AMMONIATED SOLUBLE SUPER PHOSPHATE, having gained on its own merits, the greatest reputation of any Fertilizer ever sold in the United States,—Other manufacturers, are using the trade mark of the "STAR," for their articles, much inferior in quality, and that cost 100 per cent less, in order to make money for themselves, regardless of the interest of the poor farmer. The manufactures of the original "STAR," with ourselves have determined, in order to prevent the great impositions, now being practiced in some parts of the United States, and to save the name of that

GREAT AND GOOD FERTILIZER.

formerly known as the "STAR" to change the trade mark to L & R. with the above cut, which has been duly patented. Next Season each sack will contain precisely the same Fertilizer as we sold last season, but will be stamped with the new trade mark and the words

FORMERLY THE STAR AMMONIATED

SOLUBLE

SUPER PHOSPHATE.

will be printed on the back of each sack with the analysis. We refer to all farmers who have used the STAR as to the reputation and value of the article as a Fertilizer.

——Two shooting galleries are now in full blast.

——Registration commences on the first Tuesday of next month.

——We understand that Anderson, the wizzard, is heading this way.

——St. John's society meets this evening at the residence of P. McGowan.

——The Wilson *Advance* is draped in mourning on account of the death of Capt. S. T. Williams.

——Ellen Buncombe, colored, put in for a row, was released from jail, yesterday, having served out her term.

——There is talk of a barbecue at Johnson's Store, in this county, on the day that Vance and Settle speak there.

——The large illuminated posters of the State Fair have made their appearance. They are very beautiful and attractive.

——The ducks of the city are being taken with a great leaving. One citizen had twenty-five lifted within three or four nights.

——Messrs. Howard & Bryan, bill posters, have dissolved copartnership. Mr. Bryan is putting up new bill boards over the city.

——Panther Branch Township has organized a Tilden and Vance Club with one hundred and twenty-five members. Jas. Leach is the President.

——The Sunday School establishers are abroad in the land. Two or three more of these schools, it is said, will shortly be opened in the city

——We regret to learn that Miss Alice Banks, eldest daughter of Dr. Thomas L. Banks, of Panther Branch Township, is lying at the point of death, from typhoid fever.

——There is to be, to-day, a social barbecue at the plantation of Geo. T. Stronach. A number of gentlemen from the city have been invited and will attend. A "feast of reason and flow of soul," or words to that effect.

——Thirty-one tickets to the Centennial were sold yesterday to persons who will leave this morning *via* the Raleigh & Gaston Railroad. Many others will buy tickets this morning, and at least fifty persons in all will go.

——Encouraging reports concerning the prospects of the Fair are coming up from all quarters. We believe the people of the State feel too much pride in it to allow it to prove anything but a success, and we shall expect to see numbers of them here on that occasion.

——The Salisbury Band has declined an invitation to play at the State Fair, on account of the members getting married, etc. It is said that these members getting married is also the reason why some people will decline to go to the Salisbury Fair this Fall, as much as they used to.

——The curious spectacle was presented, the other day, of two staid and respectable citizens stopping as they emerged from the rear entrance of one of the city rum mills, and one who was smoking a cigar puffing dense clouds of smoke into the face of the other, to kill the smell of the spirits which had been imbibed. Actual fact, but you never would believe it if you knew the names of the men.

Invitation to the Executive.

His Excellency the Governor on yesterday received an invitation from the International Centennial Commission, to attend the distribution of awards at the judges' halls on the Centennial grounds, on Wednesday evening 27th inst, at 8 o'clock. The Governor thinks that he cannot go; he has already been on to the centennial once, and don't care to go again.

Digests of Decisions of the Supreme Court, Summer Term, 1876.

A, who was appointed a guardian prior to the war, in 1867 resigned his guardianship and procured D to be appointed in his stead, in order that he might settle his account with his wards under the provisions of the act of 1866. D filed a petition against A, calling on him for a settlement, before a Judge of the Superior Court; A filed an answer, setting forth his account and claiming a reduction of his liability, by reason of the depreciation of Confederate money, &c.; the petition and answer were both filed by A's counsel, who also drew the receipts given by the wards after the adjudication of the cause. At the same term the petition and answer were submitted to the presiding Judge, and he rendered his decision thereon. Immediately thereafter, D resigned his guardianship and A was re-appointed; it was admitted that D was appointed only for the purpose of the settlement. Subsequently A paid in notes the amount found to be due by him as guardian. In an action brought by the wards to surcharge and falsify A's account, upon the ground of collusion and fraud: IT WAS HELD, That the proceeding was not warranted by the act of 1866, as the wards were not parties thereto; and the determination of the presiding Judge, being void for that reason, it was necessary to submit to a jury the question, whether or not the order made by him was obtained by fraud: HELD further, That the plaintiffs were entitled to an account. *Ellis & wife and others v. Scott.*

An indictment charging the defendant with the larceny of "one bill of fractional currency, of the value," &c., and concluding at common law, and not against the statute, is bad, and it was error in the Court below not to arrest the judgment. *State v. Dill.*

The Governor, under Sec. 14, Art. IV, of the Constitution, can require a Judge of the Superior Court, to hold a Court out of his own judicial district. And when the Governor so authorizes and empowers a Judge to hold such Court, and under that authority, he does so, as between the Judge and the suitors in the Court, the consent and authority granted by the Governor is equivalent to a command. *State vs. Watson.*

B executed his note with C as surety, payable to the guardian of the plaintiff, who is now dead; the note was assigned by the guardian to the plaintiff, after he became of age. In an action to recover the amount of the note: IT WAS HELD, that B was not a competent witness to prove that he had paid off the note to the deceased guardian, before its assignment to the plaintiff. *Lewis et al. vs. Fort.*

Men may not be arrested, imprisoned and released upon the judgment, or at the discretion of a constable, or any one else: THEREFORE, where a town constable arrested a person who was intoxicated, without warrant, and imprisoned him in the "lock-up" until he became sober, when the constable released him, having never carried him before a Magistrate or other person to have the charge investigated, he, the constable, was guilty of an assault and battery. *State vs. Parker.*

A White Child in the Possession of Colored People.

There is in this city a white child living and being raised in a colored family. It is a boy about fifteen months old, bright, handsome, and of good parentage. Fifteen months ago a girl came from another county and engaging rooms at the house of this colored family, there remained until she gave birth to this child. As soon as she was able to do so, she left, and has not since returned, even to see the child. These are facts. This child is growing up in this colored family. What is to be done about it? If any one will consent to take and adopt it, the Mayor will give possession of it. By all means something should be done for the little thing. It would be a shame if it should be allowed to grow up in a christian community under these circumstances. If any humane person is disposed to exercise himself in its behalf, let him apply at this office and we will put him in possession of the facts concerning its whereabouts and anything else he may want to know relative to the child.

The Laying of Iron Re-Commenced.

The laying of iron on the Raleigh & Augusta Air Line Railroad, was re-commenced, yesterday morning, 18 miles beyond Cameron, the present terminus. It is hoped that by the time the present cargo of iron is laid, another, sufficient to finish the track to Hamlet, will have been received.

Base Ball.

Yesterday afternoon a game of base ball took place in the field just in rear of the residence of Major R. S. Tucker, Hillsboro street, between the first nines of the graded school and the school of Capt Scott. The result was in favor of the graded school boys, the score standing 17 to 9.

Aid for Savannah—Report of Committees.

Last evening at an adjourned meeting of the Board of Alderman the committees from the third and fifth wards made reports of the collections in behalf of the Savannah sufferers. In the third ward Alderman Pescud reported a collection of $93, and Alderman Fleming reported a similar collection for the fifth ward. The committees of the first, second and fourth were not ready to make a full report, but will do so in a day or two. It is certain that the total collection will reach $350. At the meeting Mayor Manly stated that the population of Savannah had dwindled down to about 21,000—7,000 white and 14,000 colored, and of this number nearly 10,000 were ill with the fever or convalescing. The colored portion of the population are represented to be in an extremely destitute and distressed condition. They are totally dependent on the exertions of the white benevolent committees, who are straining every nerve to assist them. It is said that there is not a house open east of Broad street. Let those of our citizens who have not given, do so at once. Let every one contribute their mite.

Meeting of the Colored T. & V. Club.

Last evening the colored Tilden and Vance Club held a special meeting at Metropolitan Hall. Jno. Lockhart, president, in the chair. The following were proposed for membership and were duly elected: Chas. Reade, Kinchin Pope, Henry Brown, Horace Thompson, James McKinsey, James Allen, Henry Salter, Wilson Wright, Wilson Rielly and Iverson Brook.

Speeches were made by Thomas Warren, John Stanford, Charles Walton and Horace Thompson, all pledging a hearty support to the Democratic tickets—State and National.

All of the members seem to be earnest in the cause, and say that they intend to work constantly and actively to secure success. At the meeting next Friday evening a large number of names will be proposed for membership. The Club now has about thirty members and the prospect is flattering for an increase of at least fifty. We are very much gratified that so many of the colored citizens are waking up to their true interest.

Off on Circus Business.

Mr. W. R. Smith, formerly freight conductor on the North Carolina Railroad, is running this week, for Capt. T. G. Arrington, who is taking a short furlough. After his return, Mr. Smith will have a train of his own. Cousin Tom is off, in the interest of the show, which has *not* broken up, reports to the contrary notwithstanding. Indeed, artists and keepers are constantly being secured, as rapidly as suitable ones can be found. The latest performer engaged is a female who is to do the "shadow dance." "She ain't fatter than a match," says Cousin Tom; "the leanest lady I *ever* saw. She got on my train between here and Greensboro, and I engaged her at once at $100 a week." When that circus is finally organized, it will astonish the world, and the thousands of our enlightened people who now worship at the shrine of Old John, will forget their first love and rise up to call Cousin Tom blessed.

The Court.

Mayor's Court.—The white man, Milton Maynor, who was arrested at Morrisville last Saturday by Policeman Parham, charged with stealing a watch from a colored woman in this city, with stealing shoes, &c., and obtaining money under false pretences, had his trial yesterday morning. He was adjudged guilty and was returned to court. Bond was fixed at $200, and failing to give this he went to jail.

Geo Merritt, who was arrested at Clayton, Johnston county, last Saturday by special Policeman Geo. Upchurch, upon the suspicion that he was Geo. Barnes, the cow thief, was released from custody, there being a failure to identify him as the thief.

Before Justice Magnin.—George Young, colored, for wife beating; he was given 20 days in the county jail, and began the term yesterday.

Fruit and Other Crops in Halifax.

A letter from a fruit raiser at Littleton, to a gentleman in this city, says that the peach crop in that section this year was a small one, but that grapes and apples are fine. Some of the fruit was excellent, and all sold for good prices. The corn and cotton crops are both good—better than they have been in that section for several years.

Sunday Evening Recreation.

Oakwood Cemetery is the city's Sunday afternoon resort. A pretty spot and a pleasant walk from the city on every seasonable Sunday, afternoon its walks are crowded with people, young and old; and the merry laughter which ripples over it is in strange contrast with the solemnity which we naturally ascribe to the "silent city of the dead."

RANSOM AT KENANSVILL.

Enthusiastic Reception—Ladies Grace the Occasion—Eloquent Speech—Republicans Converted.

[Special Correspondence of the News.]

SATURDAY, Sept. 23, 1876.

Gen. Ransom was met two miles from Kenansville by 200 men on horseback, accompanied by the excellent brass band of that town. Entering the place the streets were thronged with ladies, and the enthusiasm unbounded. He was attentively listened to by 800 people, and elicited frequent applause by his fervid eloquence, and the masterly manner in which he handled the momentous questions of the day. At the conclusion of his speech, several Republicans grasped his hand and assured him that hereafter they would support the honest men of the country, and use their influence to relieve the Old North State from her present oppressors. Rules for the Target Practice at the State Fair.

The following rules have been adopted for the trial of marksmanship which is expected to be made at the approaching State Fair, by various military companies of the State. A copy of the rules will be furnished and sent to each of these organizations in the State. The rules are as follows:

The target shall be 6 feet high, 22 inches in width, the bull's eye 6 inches in diameter; distance 200 yards without rest. Upton Tactics, pages 69, 70, 71, 72, (target practice) will be the basis upon which the target practice will be conducted; four concentrice rings, 4 inches wide, alternating black and white; each company to be represented by 10 men, each man 3 shots. Measure from the nearest break to the outside of the bull's eye. When a shot strikes the bull's eye it counts 0. When it strikes outside of the bull's eye, it is to be marked the number of inches or fraction of inch that the inside of the break may be to the outside of the bull's eye.

Each company will have a separate target. The aggregate score of each 10 men, will be the score of their respective companies. The best average 3 shots of any individual, will indicate the champion.

The State Fair.

While the public is excited regarding the centennial, we trust that the people of our State will not forget their fair this fall. A fair such as ours ought to be, cannot fail to result in great good to the State. It stimulates interest in all branches of industry; shows each man what his neighbor is doing, and shows to those in one part of the State what the soil in other parts is capable of. In other words, it teaches many of us who are in ignorance of our State, of what it is capable, and better than all, it shows to strangers who may be present or who may learn of the display through our press, what manner of people we are as to our agricultural, mineral and manufacturing interests. There are many reasons why a good fair should redound to their interest: its advantages are manifest: our people should see them for themselves, and every man, woman and child should encourage the exhibition by every means in their power: by coming to it, by sending articles for exhibition, or at least by good words for it.

The Revival at Edenton Street Church.

The services at Edenton Street M. E. Church, on Sunday, developed a more general religious interest on the part of the congregation than has yet been manifested. The afternoon services were especially interesting, and resulted in the conversion of one of the penitents. At night, the pastor, Rev. Dr. Burkhead, preached a very strong sermon, after which an additional number of penitents presented themselves at the altar to receive the prayers of the congregation. Strong hopes are entertained that the meeting will be productive of great good. It will be protracted through the present week.

Death from Cancer.

Mr. Abram Spain died at his residence, near the Raleigh & Gaston depot, in this city, on Sunday afternoon. For a long while he had been suffering from cancer on his tongue, and for five weeks past had tasted nothing but soup. His sufferings had been fearful, and death, when it came, was a relief. The Odd-Fellows of the city, of which order Mr. Spain was a member, conveyed his remains to the depot, yesterday morning, and they were thence taken to his former home, at Petersburg, Virginia.

Appointment Withdrawn.

The Hon. George Davis having accepted an invitation to speak at Hillsboro on Saturday, the 7th of October, his appointment at Durham for that day has been withdrawn. It will be borne in mind that Mr. Davis will address the people of this city on the evening of the 5th, under the auspices of the Tilden and Vance Club.

JEFFERSON.

Letter from Ashe County—"Ithuriel" Lies—The County Safe for Vance.

[Special Correspondence of the News.]

WEDNESDAY, Sept. 20, 1876.

Mr. Editor:—You have seen the communication of "Ithuriel" in the Baltimore *Gazette*. I know some of his statements are false, particularly the one that Settle will carry Alleghany and Watauga counties. If they don't give Vance 300 majority each, the citizens in them are deceived. They have no Radicals in either county, worth counting, and what they did have are turning Democrat.

We will carry Ashe this year by the very handsome majority of 500 to 100, particularly for Vance, notwithstanding the *Daily Constitution* is sent in floods into this county, to men who are not subscribers, and the postage not paid, though the Warrenton *Centennial* was not allowed to do the same thing.

We have not nominated our county ticket yet. Neither have the Radicals. We expect to nominate it in a few days, and make the conflict short, sharp and decisive for Tilden, Hendricks and Vance.

MOUNTAINEER.

Personal.

Mr. C. B. Root, Jr., and lady having returned, Saturday afternoon, from their bridal tour, held their reception, yesterday, and met many of their friends.

Thos. B. Keogh, Esq., returned to the city, yesterday, after an absence of a week or more.

Our telegrams this morning announce that that esteemed gentleman, Col. W. M. Hardy who has so many friends all over this his native State, has been appointed librarian of the House of Representatives, of the United States Congress. The news of his promotion will be gladly received.

Attorney-General Hargrove has returned to the city.

Gov. Brogden is back from La-Grange, Lenoir county, where he spoke last Saturday.

T. C. Woodburn, Esq., of the Durham *Herald*, is in the city.

Rev. J. D. Huffham, returned yesterday afternoon, from Mt. Zion Baptist Association, which has been in session in Orange county since last Thursday.

A Dangerous Spot.

There is a pig-sty in rear of the North Carolina Bookstore, from which the most offensive odors and most able-bodied mosquitoes arise. The stench fills the air all day, and the mosquitoes keep the denizens of the neighborhood awake at night, so that between the two there is in that locality no rest for the wicked or the just. The people complain to the reporter about the matter, and the reporter in turn complains to those whose duty it is to see that the nuisance is abated.

Still They Come.

Deputy Sheriff John M. Jones, Jr., of Chowan county, arrived in the city, yesterday, bringing to the Penitentiary, Aaron Wright, colored, who was convicted last week in the Superior Court of the county named, of attempted rape upon a woman of his own color, and sentenced to ten years' imprisonment. The accused had no counsel and the defence went by default. Facts have been learned, since he was convicted, which establish his innocence, and a strong effort will be made to secure his pardon.

Changes His Politics.

We have just received a letter from Mr. John R. Clements, of Chapel Hill, in which he announces his withdrawal from the Republican party, and his purpose to vote the Democratic tickets, State and National, in the coming election. He says:

"It being reported here that I was bought by the Democracy, is my reason for writing this communication. The unnecessary waste of public money, and general corruption in official circles, is the reason of the change. I love my State, and I consider it the duty of every honest man to labor for its benefit."

Sunday Services.

The churches were largely attended Sunday morning and night. The services were all in accordance with our directory of Sunday morning, except that Rev. Richard Hines, of the diocese of Mississippi, a brother of Dr. P. E. Hines, of this city, who is visiting here, preached in the morning at Christ Church and in the evening at the Church of the Good Shepherd.

Preaching in the Country.

Rev. Jesse H. Page preached the funeral sermon of Mr. Goodwin, at Macedonia, on Sunday to a large congregation.

Rev. W. J. W. Crowder preached on Sunday at Cool Springs.

Rev. L. Branson filled the Wicket Gate appointment, 2½ miles from the city.

If you want to prevent Typhoid Fever or if you feel as if you were going to have the chills and fever take Dr. Bull's Vegetable Pills.

7TH DIST—WILLIAM M. ROBBINS, of Iredell.
8TH DIST—ROBERT B. VANCE, of Buncombe.

Our subscribers will greatly oblige us by giving prompt information of any delay in receiving their papers.

THE *National Republican* says that "Gov. Vance, in 1863, threatened the advocates of peace with fire and sword." *Advocates of peace*, the deuce. They were a gang of lawless ruffians who at the time of Vance's proclamation were engaged in pillaging the country and outraging peaceable citizens.

THE re-nomination of John N. Staples, Esq., for the Legislature, by the Democrats of Guilford, will be hailed with pleasure by his many friends. He rendered valuable service in the last Legislature, and achieved a reputation second to none in that body, for ability, patriotism, and thorough devotion to duty.

WE publish elsewhere to-day the announcement of Messrs. Peter M. Hale and William L. Saunders of their purpose to establish a daily newspaper in this city, in November. They are well known journalists of experience, talent, and deserved popularity. We shall give them a warm welcome; and trust that they will receive the share of the public patronage which they may merit.

"WHAT do our Northern born citizens think of being, as a class, accused of larceny by the NEWS?" asks a Republican paper in this State. A more pertinent question would be, what do the Northern born citizens of North Carolina—those who came to make an honest living—think of that class of political adventurers, known as carpet-baggers, who, when accused of larceny by the NEWS, are proven to be guilty?

REPUBLICAN RECORD ON THE AMENDMENTS.

The record of the Republican party in the late Constitutional Convention shows that they admit the necessity of amending the Constitution of 1868. Of the thirty proposed amendments, sixteen passed their last readings—the test vote—without opposition. Those sixteen are the ordinances numbered respectively, I, II, III, IV, V, VI, VII, X, XIV, XVI, XVII, XIX, XX, XXII, XXVII. XXIX.

The following is the Republican record in brief, upon the remaining fourteen ordinances:

The 8th amendment, regulating the compensation of members of the General Assembly, was passed by a vote of 83 to 27, the following Republicans voting for it: ALBERTSON, Barringer, Barrow, Bateman, Bean, Black, Bliven, Blocker, Bowman, BOYD, Buxton, Davis, DOCKERY, DULA, French, Hinnant, HOLTON, HORTON, Jordan, KERR, Lowe, Massey, Smythe, WHEELER, Wilcox, Woodfin, and YOUNG—27 in all. The names in small caps now appear upon the Republican ticket—Electoral Congressional, State or County.

The 9th amendment, relating to the appointment of officers by the Governor, passed its third reading, *by a strict party vote.*

The 11th amendment, relative to the division of Judicial Powers, passed by a vote of 43 to 35—Mr. Dula, (Rep.) voting with the Democrats in the affirmative.

The 12th amendment, reducing the Supreme Court from five to three Justices, passed by a vote of 56 to 26. Eleven Republicans voted with the Democrats—to wit: Messrs Bean, Bowman, BOYD, DULA, HAMPTON, Hoffman, KERR, Lowe, McCanless, Wilcox, Woodfin.

The 13th amendment, giving the Legislature power to change the terms of the Supreme Court, passed by a vote of 53 to 37. Ten Republicans voted with the Democrats—to wit: Badger, Barrow, Bowman, DULA, HAMPTON, Hoffman, HORTON, WHEELER, Wilcox and Woodfin.

The 15th amendment, reducing the number of Judicial Districts from twelve to nine, passed by a vote of 48 to 27. Seven Republicans voted with the Democrats—to-wit: Bean, Bowman, DULA, Hoffman, Lowe, Wilcox, Woodfin.

The 17th amendment, giving the General Assembly certain powers in regard to the Supreme Court, passed by *a strict party vote.*

The 21st amendment, providing for the election of clerks of inferior Courts, passed by *a strict party vote.*

The 23d amendment, respecting existing terms of office, passed by a vote of 96 to 2. All the Republicans—except Goodwin and Manix, voted with the Democrats for this amendment.

The 24th amendment, requiring ninety days residence for voters, and disfranchising felons, passed by a vote of 58 to 49. Two Republicans—Messrs. DULA and Hinnant—voted with the Democrats.

The 25th amendment, conferring upon the General Assembly certain powers over municipal corporations, passed by *a strict party vote.*

The 26th amendment, separating the races in public schools, passed by a vote of 113 to 3—all the Republicans voting with the Democrats, except Bell, Crosby and Thorne.

The 27th amendment, providing for the preservation and investment of the public school funds, passed by a vote of 82 to 27. Thirty-seven Republicans voted with the Democrats, to-wit: ALBERTSON, Badger, Barringer, Barrow, Bateman, Bean, Bell, Black, Bliven, Blocker, Bullock, Cary, Crosby, Davis, Dixon, Faircloth, Goodwin, Hinnant, Hodge, HOLTON, HORTON, King of Lenoir, Mabson, Manning of New Hanover, Massey, McCabe, McDonald, Munden, NOWELL O'HARA, Page, Scott of Jones, Smythe, Taylor, Thorne, Wilcox, YOUNG.

The 30th amendment, prohibiting intermarriage of the races, passed by a vote of 96 to 2. All the Republicans present voted with the Democrats, except Crosby and Thorne.

A recapitulation of this record shows that SIXTEEN of the thirty amendments passed *unanimously*; that the Republicans voted solidly against only FOUR of the amendments, to-wit: the 9th, 17th, 21st, and 25th, and that they voted for TEN of the amendments, to-wit: the 8th, 11th, 12th, 13th, 15th, 23d, 24th, 26th, 27th, and 30th.

On these ten amendments the Republican vote sums up as follows:

1	Republican	voted for	the	11th,
2	Republicans	"	"	24th,
7	"	"	"	15th,
10	"	"	"	13th,
11	"	"	"	12th,
27	"	"	"	8th,
37	"	"	"	27th,
40	"	"	"	30th,
42	"	"	"	23rd,
52	"	"	"	26th,

Thus it appears that out of the thirty amendments proposed, the Republicans voted for TWENTY-SIX—in votes ranging from one to fifty-two. In the face of such a record, what can be said of the wholesale denunciation of the work of the Convention, by the Republican press and speakers, but that it is base demagogery? The work of the Convention was done nobly and well; and Republicans know it.

Col. Kenan, Democratic candidate for Attorney-General, is meeting with an enthusiastic reception everywhere he goes.

THE GREAT TWO BILLION SPOLIATION.

Last March Gen. John B Gordon said in the Senate of the United States, that up to that date a thousand million of dollars had been stolen from the government on the single article of whiskey tax. It was a charge the like of which had never been heard in any legislative body on earth. It produced a profound sensation; but, some were disposed to disbelieve the statement, although it rested upon the accuracy of so faithful and painstaking a statesman as Senator Gordon.

Now, however, there is no longer room for doubt. Senator Gordon's assertion has very recently been substantiated by Hon. John M. Binckley, who acted as Attorney General in Johnson's Cabinet, and held the office of Solicitor of Internal Revenue, before 1870. He delivered a speech in Milwaukee some time ago, in which he asserted and proved that, dropping the last six years with their immeasurable frauds, the whiskey frauds alone up to 1870 amounted to more than thirteen hundred millions—a billion, three hundred millions; that is, three hundred and odd millions, and a thousand millions on top of them!

Mr. Binckley demonstrates that if the whiskey tax money had not been intercepted, stolen, there would have been needed no other revenue at all; and that, astonishing as it may be, all the money collected during the eight years preceding 1870, from all other sources than distilled spirits, does not equal the enormous sum lost on taxable whiskey. Add to all other internal revenue collected, the sum thus stolen, and then adding interest saved, and it can be shown that *the entire public debt might have been paid shortly after the beginning of Grant's second term.*

It is almost impossible for the mind to comprehend the enormity of this plunder. What we pay to support the regular government is less than we pay to *support an unlawful power that governs the government!* More than a hundred and fifty millions a year for eight years before 1870 has gone into the pockets of the unprincipled classes of the country—the same men who are to-day asking for a new lease of power! *Take the dollars lost each year on whiskey tax, and take the dollars paid the same year, interest and principal, on the public debt, and simply suppose that the former had been collected and promptly added to the latter, and the result will show that if it had not been for whiskey stealings the nation would not owe a dollar!*

A REPUBLICAN CONFIDENTIAL CIRCULAR.

We print to-day a Republican confidential circular issued from Republican headquarters in this State, and first brought to light by the Asheville *Expositor*. Its main practical value to the Democrats is that it reveals the Republican plan of battle, and may enable us to head them off at some of their principal points.

The scheme of organization and campaign work here unfolded is an excellent one. It shows that we have shrewd, active, cautious antagonists to cope with—men who will spare no pains, no time nor money, to win in this contest; and it should spur us up to renewed efforts.

The manipulators to whom this circular is addressed, are required to "impress upon their neighbors that Republicans are the only true friends of Reform and Reconciliation." The devil quoting scripture is not more grotesque in its absurdity than such a statement from the lips of the corruptionists who send it out. A reference to the Fraud Commission Report, as illustrated by the Deweese Letter, will reveal the damnable political villainies practiced by members of the Republican State and Campaign Committees. As for the assertion that the Republicans are the friends of Reconciliation, that is almost too ridiculous to be gravely mentioned. Their only hope of success is in keeping alive the hatreds engendered by the war. Their only banner is the bloody shirt.

WHO WAS HE?

We have positive information that a leading Radical from this State left New York on the Old Dominion steamer for Norfolk, September 21, bringing with him $30,000 to use for election purposes in North Carolina.

The Radicals in New York openly boast that this $30,000 will carry North Carolina for Hayes.

Will our friends in New York and Norfolk let us know who this passenger was?

What does the Raleigh *News* think of R. A. Shotwell, a carpet-bagger recently emerged from the Albany, New York, Penitentiary?—*Wilmington Post.*

The Raleigh NEWS thinks that R. A. Shotwell is one of the few honest men in the world, to whom the epithet of carpet-bagger was ever applied; that he was the victim of a malicious prosecution under an unconstitutional law, before a prejudiced jury and a partisan Judge; and that he is, for his talents, integrity, patriotism and undaunted courage, worthy of the signal honor which the good people of Mecklenburg have conferred upon him in selecting him for one of their Representatives in the next General Assembly.

The ladies are so anxious to vote for Vance that many of them are openly advocating woman suffrage.

CAPT. THOMAS D. Johnston, of Buncombe, was nominated by acclamation for the Senate, on Saturday last, by the 40th Senatorial District Convention. He is well known to the public of North Carolina, having served more than once in the Legislature, where he made an enviable record for himself. No better or more deserved nomination could have been made.

THE Asheville *Citizen* contains a speech of Gen. T. L. Clingman at Hendersonville, N. C., September 12, 1876. It is an able address, and it merits a wide circulation among those who need enlightenment upon the great issues of the day.

POLITICAL NOTES.

The Babcock safe burglary trial, or farce, with a packed jury, is still pending in Washington.

The Tennessee *Post*, the leading German paper in the State, and heretofore an independent, has come out for Tilden and Hendricks.

The Washington *Republican* has not had a word to say about that last negro outrage and riot down in South Carolina. Perhaps the boot is now on the other leg!

The next State election before the important October elections in Ohio and Indiana will take place in Georgia, where State officers and a Legislature will be chosen on the 4th of October.

Chicago *Times*: Though Mr. Schurz denies the direct utterance of the opinion that Hayes will certainly lose Ohio in October, there is indubitable evidence that Mr. Schurz so expressed himself in this city.

"Reform" doesn't mean the same thing in Hayes's dictionary that it does in Tilden's. Hayes, as Governor, signed the bill increasing the fees and emoluments of Ohio officials $5,000,000 in the aggregate per annum. Governor Tilden has decreased the taxation of the State of New York more than $8,000,000.

RITES OF SEPULTURE OVER THE REMAINS OF S. T. WILLIAMS.

A Large Concourse of Citizens Show Their Appreciation of his Worth—Stores Closed in Rocky Mount in Memory of the Deceased.

[Tarboro Southerner.]

The remains of Capt. Sam'l T. Williams reached Rocky Mount from New York on the 12 m. train on Monday. At the suggestion of B. H. Bunn, Esq., law partner of Capt. Williams, the following friends of the deceased acted as pall-bearers: James S. Battle, Dossey Battle, Dr. T. C. Powell, Joel P. Daughtry, A. P. Chalk and John H. Thorp. These gentlemen, with a large gathering of citizens, met the corps at the depot. The high appreciation of the deceased, as a citizen, was markedly exhibited by the closing of all places of business. The people were called to mourn no ordinary man. He was near and dear to each individual in that grief stricken throng. They admired him for his many enobling qualities, his prominence power and popularity as a public man; his faithfulness in the performance of all duties incumbent on a a good citizen; they loved him for his amiability and kindly attributes of character, his true and disinterested friendship and his sympathetic nature.

Heavy hearts followed his remains through town, and moist eyes gazed on the box containing the cold clay, the late tenement of a soul superior to the weakness of so many of his fellow men.

The pall bearers, with other citizens, in vehicles, formed a line in rear of the hearse and escorted the boody to the residence of the late Hon. A. H. Arrington, uncle of the deceased, near Hilliardston, about fourteen miles distant, where the family burying ground is situated.

His brother, Col. H. G. Williams of the Wilson Advance, and Capt. John Williams, of Oxford, were in the procession from Rocky Mount. Arrived at the old homestead, now owned by Mr. Tom Arrington, with a large number of sympathizing friends, his brother A. A. A. Williams, Esq., from Oxford was found.

With the sad and impressive ceremony of the Episcopal Church, administered by Rev. G. W. Phelps, of Wilson, at 5 p. m. the last shovel of sepulchral earth was thrown on the gave of Samuel T. Williams.

As the crowd wended their way from the mound, marked with melancholy, their feelings found whispered vent, in the simple spontaneous expression:

"His loss can hardly be supplied."

[Special Correspondence of the News.]

WEDNESDAY, Sept. 20, 1876.

Thinking you would like to hear from the old first district, I thought I would give you a few straws to show, as I think conclusively, how the wind blows. First of all, our people are fully aroused to the importance of this campaign and the election to be held in November. No such enthusiasm has been seen here for many, many years. Our most modest and humble citizens handle and circulate documents, and advocate at every cross road and county store the election

OF TILDEN AND VANCE,

talk about the cause of reform and good government to neighbors in a manner unparalleled in the political history of this section. It seems as if every man felt it to be his christian duty to work faithfully and put his shoulder to the car, whose mighty wheels are to crush every vestige of corrupt radicalism. The county, was lived to see its centennial anniversary and is to be relieved of the blight and dishonor that has been upon it for many years

VIRTUE AND WORTH

are to cast aside the loathsome creatures of radicalism that have brought disgrace upon her once fair escutcheon, and after the first of January next begin the work of reformation, and, soon therefter, present to the world a beautiful land of liberty, with solid constitutional guarantees, protection to all men, love for their rights and liberties, and a bright and unstained banner, filed with the emblematic stars of hope to the oppressed of all lands, floating proudly from liberty's top-most peak.

Let me give you a few straws to show how correct I am in my predictions: Judge William A. Moore, of the second judicial district, said a few evenings past in an interview with a prominent colored politician, who wishes a seat in the Legislature worse than any man you ever saw, that McLindsey, Radical, would be

CERTAINLY DEFEATED,

and that the entire Radical State ticket was gone up. A rad ex-member of the Legislature said the other day to a Conservative: "Well, I have been looking over the counties and McLindsey will be beaten, I think, twenty-three hundred votes, certainly two thousand." Sheriff F. W. Bell, of Bertie county, said on yesterday at the Custom House in this place, that McLindsey just as well go home, that Major Yeates would defeat him that he, Yeates, would get treble the number of votes in Bertie he received two years ago.

Now, Mr. Editor, Governor Caldwell carried this district four years ago by four thousand and twenty-seven votes; Pool, Conservative, two years afterwards, by seventeen hundred and fifty-seven votes. Vance and Yeates will carry it, with Tilden at the head of the ticket, by two thousand, and if other districts do no more than they did four years ago—and that I am sure they will not be satisfied with—the first will make Vance,

GALLANT VANCE,

Governor of North Carolina. The Rads are terribly discouraged. In this county the colored wing of their party say the time has arrived when they can vote for whom they please.

The hearts of our people are made glad by the cheering intelligence from the West. Our victory will be more sweeping than the awful tornado we had here on Sunday last.

DEAR SIR:

Prompt and close organization is necessary for success. Each township should be organized with an Executive Committee at the head of the work. Subdivide the township into sections and appoint one man to every twenty Republican voters, whose duty it shall be to talk with his neighbors and ascertain their political opinions—how they intend to vote, &c. This person should enter the name of each voter on the return herewith sent, making appropriate remarks as to changes, &c., and send one to the chairman of the Township Executive Committee or of the County Executive Committee, as will be most convenient, on every Wednesday. He is also requested to send a duplicate to the undersigned at Raleigh at the same time.

Work hard, and see that all our friends are properly registered. See that Democrats who are not entitled to vote are challenged and taken from the registration books. Impress upon your neighbors, and co-workers, that the Republicans are the only true friends of Reform and Reconciliation, and that in the success of the Republican party depends the safety of our country and the welfare of our people.

Send me the names of ten reliable, working Republicans in each township, with the name of each township and the postoffices.

Send me the names of ten Democrats in each township, with name of post office.

Have one man appointed for each twenty Republican voters, who will make it his business to look after their registration, voting, &c., and tell him to correspond directly with me as well as with the Chairman of his County Committee.

Please give this your immediate attention. There is no time to be lost. From this time till the day of election should be devoted to the success of the Republican party, and the permanent peace of the country.

CHAIRMAN.

STATE CANVASS.

Old Carteret county is set down for an increase of 100 over the Merrimon vote of 1872.

Juvenile Tilden and Vance clubs have been formed in a number of towns. They want the oldsters to now know they would vote if they could.

The commissioners of New Hanover county have appointed James Heaton, clerk of Superior Court of that county, a poll-holder. Heaton is now under sentence of three years in the penitentiary for the violent hindrance of an election in 1874, and would be now airing himself in a zebra suit were it not for an appeal to the Supreme Court.

The Magnolia *Monitor* refuses to support Hon. A. M. Waddell in the 3rd district because its editor don't like the Colonel's political course. The *Monitor* should be admonished to quit its nonsense.

Speakers are in the field in every section. Railroad towns don't monopolize all the attention.

The canvass of county candidates will open in Wilson October 15.

The white Republicans in the west say that the name of a negro on the electoral ticket is playing the "Old Harry" with them.

The mountains may not be "on fire" now, but from all reports our friends are making things exceedingly hot for the revenue ringsters.

Common Sense vs. Prejudice.

By R. V. PIERCE, M. D., of the World's Dispensary, Buffalo, N. Y., Author of "The People's Common Sense Medical Adviser," etc., etc.

I am aware that there is a popular, and not altogether unfounded, prejudice against "patent medicines," owing to the small amount of merit which many of them possess. The appellation "Patent Medicine," does not apply to my remedies, as no patent has ever been asked for or obtained upon them, nor have they been urged upon the public as "cure-alls." They are simply some favorite prescriptions, which, in a very extensive practice, have proved their superior remedial virtues in the cure of the diseases for which they are recommended. Every practicing physician has his favorite remedies, which he oftenest recommends or uses, because he has the greatest confidence in their virtues. The patient does not know their composition. Even prescriptions are usually written in a language unintelligible to any but the druggist. As much secrecy is employed as in the preparation of proprietary medicines. Does the fact that an article is prepared by a process known only to the manufacturer render that article less valuable? How many physicians know the elementary composition of the remedies which they employ, some of which have never been analyzed? Few practitioners know how Morphine, Quinine, Podophyllin, Leptandrin, Pepsin, or Chloroform, are made, or how nauseous drugs are transformed into palatable elixirs; yet they do not hesitate to employ them. Is it not inconsistent to use a prescription, the composition of which is unknown to us, and discard another preparation simply because it is accompanied by a printed statement of its properties with directions for its use?

Some persons, while admitting that my medicines are good pharmaceutical compounds, object to them on the ground that they are too often used with insufficient judgment. I propose to obviate this difficulty by enlightening the people as to the structure and functions of their bodies, the cause, character, and symptoms, of disease, and by indicating the proper and judicious employment of my medicines, together with such auxiliary treatment as may be necessary. Such is one of the designs of the People's Medical Adviser, forty thousand copies of which have already been published, and are sold at the exceedingly low price of $1 50, and sent (postpaid) to any address within the United States and Canada.

If you would patronize medicines, scientifically prepared, use my Family Medicines. Golden Medical Discovery is tonic, alterative, or blood cleansing, and an unequaled cough remedy; Pleasant Purgative Pellets, scarcely larger than mustard seed, constitute an agreeable and reliable physic; Favorite Prescription, a remedy for debilitated females; my Compound Extract of Smart-Weed, a magical remedy for pain, bowel complaints, and an unequaled Liniment for both human and horse flesh; while Dr. Sage's Catarrh Remedy is known the world over as the greatest specific for Catarrh and "Cold in the Head," ever given to the public.

These standard remedies have been before the public for many years—a period long enough to fully test their merits, and the best argument that can be advanced in their favor is the fact that their sale was never so great as during the past six months.

NEWSPAPERS AND MAGAZINES.

THE ROBESONIAN.

Published every Wednesday morning in Lumberton, N. C., by W. Wallace McDiarmid, has the largest circulation of any country paper in the State. It circulates extensively in the counties of Robeson, Richmond, Bladen, Columbus, Cumberland, Brunswick, and in the adjoining counties of Marion, Marlboro and Darlington, in South Carolina. As a Local Newspaper it has no superior. It is one of the few country papers whose Editor and Publisher gives his whole time and attention to its columns.

In politics the ROBESONIAN will strive to promote the principles of the Democratic-Conservative party, and is uncompromisingly in favor of White Supremacy. Its local columns will always teem with the latest and best news, written in a brief, intelligent and business-like manner. Its editorials will be short and lucid and upon subjects which directly concern our people. As an advertising medium it is much sought after and has a patronage second to no other country paper. Established in 1870, it has ever since been increasing in influence and popularity until it has reached and occupied the very front rank of North Carolina journalism.

RATES—CASH IN ADVANCE—One year, $2.50; Six months, $1.25; Three months, 75 cents. Send a three-cent stamp for specimen copy. Advertising furnished on application. Also our campaign rates which are very low.

THE NORTH CAROLINA FARMER.

J. H. ENNISS:

Dear Sir—I have been a practical farmer for forty years, and during that time have taken the best agricultural journals of the day, and I assert-ate to say that there is more valuable practical information to our farmers in the first and second numbers of the "North Carolina Farmer," than in any dozen copies of the agricultural papers I have taken, and I do most earnestly recommend it to every farmer in our State, as the paper for him above all others.

HELL GATE.

A Harmless and Successful Explosion --The Report Hardly Perceptible— Great Demonstrations—Vessels Passing Over the Scene.

NEW YORK, Sept. 24.—The explosion at Hell Gate was successful and harmless. After the last gun of warning, a deep hush fell upon the multitude. The stillness was complete and unbroken from then until the third gun, at 10 minutes to 3, which was followed precisely at 9 minutes to 3 by the explosion. In a straight and seemingly narrow line, running north and south for about 300 yards, the water was whitened and rose evenly three or four feet high. A "dull thud" was heard; the rocks trembled beneath the feet of the multitude as from two quick, short pulsations of an earthquake. The water, which appeared to remain stationary for an instant, broke and spurted up in irregular, dark, yellowish masses, about 12 feet high, mixed with dark smoke from the dynamite. Then it fell back in a moment, and the river resumed its usual beautiful aspect. Then a mighty cheer arose from all the north and east side of the city, and from the steamers and boats, and steam whistles were blown and bells were rung joyously, and all was over. The report was scarcely noticeable. Not the smallest fragment of rock was hurled up, and not so much as a ripple was caused upon the water, save just over the spot where the explosion took place. There was no concussion in the air, and not a pane of glass broken in the city or on Ward's Island. Immediately after the explosion hundreds of row boats set out at their best speed for Hell Gate, each anxious to have the honor of first passing over the scence of the explosion. That the work was effectual is the general feeling, and this also appears from the fact that the police boat passed over that spot safely. The tide has been materially changed by the explosion, and now the currents set directly on the big and little mill rocks. They will have to be exploded next.

FOREIGN.

The Truce Ended—Soldiers Gone to the Front.

LONDON, Sept. 24.—The *Standard's* Belgrade special says England's basis for pacification will fall through. The Rusians are determined to carry on the war at any cost. The ends at midnight, when hostilities will re-commence. The preparations here this (Sunday) morning are glaringly at variance with the efforts for peace. There was a great war demonstration Saturday, when the presentation of a banner, sent from Moscow to the Russian Legion of cavalry, took place. Prince Milan and the Bishop of Belgrade assisted. The Legion is a fine body of men, evidently soldiers. It started to the front to-day.

Contradictory Report About the Mobilization of Troops.

LONDON, Sept. 25.—The Vienna correspondent of the *Times* says two apparently contradictory statements, but from reliable sources, have been received from Russia. One is that an order has been issued that no more leaves of absence will be granted Russian soldiers. The other has it that in the military districts of Keiv, Kharkov and Odessa, preparations are making for the mobilization of troops. It is claimed, however, that this is but the trial of the system of mobilization, and of calling in of resources as is the yearly practice in other coutries.

Cubans Excited Over the Tweed Delivery.

WASHINGTON, Sept. 25.—The Cuban patriot interest here is greatly excited over the action of this country and Spain in regard to Tweed. The uneasiness is not confined to this class. The acceptance of Tweed from Spain without question on her part, will be a precedent for the unquestioned surrender on the part of any person whom Spain may want. It is feared Mr. Fish has blundered.

Earthquake in Indiana.

EVANSVILLE, IND., Sept. 25.—Two successive and heavy shocks of earthquake were felt in this city at 12 o'clock last night. The effect was to cause general alarm throughout the city, and people left their beds. Globes were shaken from chandeliers. Many persons supposed it was caused by a steamboat boiler explosion. No damage was done in this city so far as ascertained.

A Little Girl Blasts Hell Gate.

NEW YORK, Sept. 25.—General Newton's daughter, Mary, a child aged three years, touched the key which exploded Hallett's Point reef yesterday.

Armistice Prolonged—Marine Disasters—Tweed Don't Know He is Coming—Insurrection in Algeria—Guerillas on the War-Path.

LONDON, Sept. 25.—A Reuter telegram from Constantinople says that the Porte has agreed to prolong the suspension of hostilities for eight days, and also expresses the hope that the powers during that time will communicate the conditions of peace, which they propose. In connection with this telegram which indicates that the peace propositions have not yet been presented to the Porte, it is noticeable that a Reuter telegram dated Peath, Monday, says that it is asserted that Austria has not yet adhered to the peace conditions proposed by England.

The British ship Lammermoor, bound from Calcutta to Demerara, is posted at Lloyd's missing, is believed to have foundered with all hands and three hundred Coolie emigrants.

LONDON, Sept. 25.—The *Times* has a dispatch from Vigo, dated Saturday, which says: "Tweed and his companion Hunt are not aware that the Franklin is coming here to embark for the United States. The vessel is expected here on Sunday."

Latest advices from Belgrade, which are up to 10 o'clock this morning, say no news has yet been received here of the conclusion of the armistice. It is reported that hostilities recommenced this morning at Deligrad.

PARIS, Sept. 25.—The *Presse* says it has good authority for stating that Gen. Chausey, Governor-General of Algeria has informed the Government that a general insurrection is imminent in the province.

PANAMA, Sept. 16.—The news from Magdalena River says the Iuascas, the historical guerrillas, from the mountain pastures of Cundina, are on the war-path. They have interrupted communication with the capital.

Allied Enemies to Health.

In many of the fairest and most fertile districts of North and Tropical America, air and water are allied enemies to health, both being impregnated with the poisonous miasmata which produces chills and fever, bilious, remittents and febrile disorders of a still more malignant type. Fortunately, a sure preventive and curative of such destructive maladies is to be found in Hostetter's Stomach Bitters, a vegetable preparation which is infinitely to be preferred, both on account of its efficacy and freedom from the hurtful properties, to the deleterious miners and alkaloid remedies of the pharmacopœia. It is moreover, the reigning specific for dyspepsia, debility, constipation, urinary troubles, rheumatism, promotes appetite and sleep, and is a capital antidote to depression of spirits.

After years of experience and close application to the treatment of Ozena, Catarrh, Bronchitis, Asthma, Consumption and Chronic Throat and Chest diseases, he feels confident that he can render such relief to sufferers from these diseases as will be entirely satisfactory to them. By the introduction of medicated vapor, administered by the Vapor Inhaler, he is enabled to reach the very seat of the disease, and by its use in connection with other proper appliances and upon the most approved principles. While the following cases are generally considered incurable, by average dealers in N. C. has been successfully treated by Dr. Nall: one out of every two cases of Asthma and Ozena; while I have not failed in a case of Catarrh.
